6. Discussion with Stan Boling concerning Organizational Structure pertaining to Planning & Zoning

Stan Boling was present to discuss Planning & Zoning with the Board. Stan's recommendation to Board is that the Board should receive Pre-application & TRC informational packets via email and if there is something of interest to the Board they can address in the early stages of the project. Another suggestion would be to contact the City of Fellsmere and get on their email list for upcoming projects as well. If the Board would like to target specific geographical areas that can be accommodated as well and filtered through email. If there is any informational material the Board would like to place into applicants hands it can be submitted to the Community Development Office.
